There is no recent literature that underscores the transition from Pan-Africanism to Diaspora discourse. This book examines the gradual shift and four major transformations in the study of Pan-Africanism. It offers an "academic post-mortem" that seeks to gauge the extent to which Pan-Africanism overlaps with the study of the African Diaspora and reverse migrations: how Diaspora studies has penetrated various disciplines while Pan-Africanism is located on the periphery of the field. The book argues that the gradual shift from Pan-African discourses has created a new pathway for engaging Pan-African ideology from academic and social perspectives. Also, the book raises questions about the recent political waves that have swept across North Africa and their implications to the study of twenty-first century Pan-African solidarity on the African continent. The ways in which African institutions are attracting and mobilizing returnees and Pan-Africanists with incentives as dual-citizenship for diasporans to support reforms in Africa offers a new alternative approach for exploring Pan-African ideology in the twenty-first century. Returnees are also using these incentives to gain economic and cultural advantage. The book will appeal to policy makers, government institutions, research libraries, undergraduate and graduate students, and scholars from many different disciplines.

Teaching Caribbean Poetry will inform and inspire readers with a love for, and understanding of, the dynamic world of Caribbean poetry. This unique volume sets out to enable secondary English teachers and their students to engage with a wide range of poetry, past and present; to understand how histories of the Caribbean underpin the poetry and relate to its interpretation; and to explore how Caribbean poetry connects with environmental issues. Written by literary experts with extensive classroom experience, this lively and accessible book is immersed in classroom practice, and examines: • popular aspects of Caribbean poetry, such as performance poetry • different forms of Caribbean language • the relationship between music and poetry; • new voices, as well as well-known and distinguished poets, including John Agard (winner of the Queen ’ s Medal for Poetry, 2012), Kamau Brathwaite, Lorna Goodison, Olive Senior and Derek Walcott; • the crucial themes within Caribbean poetry such as inequality, injustice, racism, " othering " , hybridity, diaspora and migration; • the place of Caribbean poetry on the GCSE/CSEC and CAPE syllabi, covering appropriate themes, poetic forms and poets for exam purposes. Throughout this absorbing book, the authors aim to combat the widespread " fear " of teaching poetry, enabling teachers to teach it with confidence and enthusiasm and helping students to experience the rewards of listening to, reading, interpreting, performing and writing Caribbean poetry.
