To keep your gut healthy, avoid sugar and processed foods and include plenty of high-fiber vegetables, healthy fats, and lean proteins in your diet. Focus on getting plenty of prebiotic foods, like asparagus, flaxseeds, artichoke, and jicama, too. Prebiotics help feed the good bacteria in your gut so that it can multiply and push out the bad.

~~10 Signs You Have An Unhealthy Gut + How To Help, From Doctors~~

A healthy gut is equivalent to a healthy you. It's common knowledge that your gastrointestinal tract provides the route for food into your body, breaks it down to smaller, absorbable nutrients, and ejects the unwanted waste material out of the body, thereby ensuring a healthy internal body environment.

~~What You Need to Know About Gut Health + Aging Healthy Today~~

Best foods for gut health includes garlic, yogurt, fermented coffee, salmon, food containing collagen, onion, bone broth, chocolate, miso, coconut, kefir, yogurt, mangoes, sauerkraut, fermented coffee, dairy or lactose-free yogurt, kombucha, apple cider vinegar, beans, high fiber foods.

~~Eating for a Healthy Gut - YouTube~~

Online Library Healthy Gut Healthy You The Personalized Plan To Transform Your Health From The Inside Out

A healthy gut means a strong gut wall and healthy immunity. A bad diet and lifestyle habits can lead to a weakened gut wall that allows bacteria, larger molecules and toxins into the bloodstream. This may negatively affect our immune system and also trigger autoimmune reactions, such as rheumatoid arthritis.

~~Healthy, happy gut — Health articles | Viva! — The Vegan ...~~

You will have a step-by-step protocol to follow, helping you first determine how you should eat, then, if diet has not provided adequate relief, how to use the other available tools, like probiotics and herbal medicines, to heal and repair your gut. You will be provided with the exact foods to eat, the exact supplements to take, with exact doses, for how long, and finally how to eventually have a broad and open diet, while also being on little to no supplements in the long term.

~~Healthy Gut Healthy You — The Ruscio Institute LLC~~

For good gut health, experts suggest eating more foods that contain fiber, probiotics, prebiotics, or a combination of the three. Fiber, found in plant foods, helps to regulate the speed at which...
