Each option contract gives you the right to buy (a call option) or sell (a put option) 100 shares of stock at a specific price (the strike price) by a specific date in time (the expiration date). When you buy an option, you hope that the stock will move in your predicted direction, and quickly enough to make a profit.

Options Trading QuickStart Guide –
This is not your typical options trading
book, plagued with jargon and written
by Wall Street academics who are
more concerned with showing off than
with actually teaching you how to
trade. Options Trading QuickStart
Guide packages the wisdom of the
Wall Street elite into a straightforward
and easy-to-read teaching tool.

Before you can buy or sell an option,
you must decide on the terms of the
contract. You must know: 1> The
underlying stock symbol (the actual
